The Liuto Collection

The traditional lute shape inspires and complements the lines of these new models and enhances the unconventional reproduction properties of extremely versatile instruments.

Only the highest quality, most innovative components and materials have been chosen to accompany the human ear on a journey towards increasingly ambitious horizons.

There are 3 speaker models in the series:

LIUTO Floorstander
MONITOR Standmount
SMART Subwoofer

Beautiful characteristics ensure a powerful sound, rich in undertones and capable of arousing real emotion without losing coherence and tonal balance. It is an ensemble of musical qualities that will enthuse listeners every time.
