Sonus Faber Toy Series

Dartzeel CTH-8550

Audio Research DAC7

Sonus Faber Minima Vintage

" We find ourselves with a product that challenges accepted wisdom: this isn't merely a solution for people short of shelf space, or lacking a spare AC outlet. The S-300i is so good that it will cause problems for Krell, not just its rivals, because it behaves like a £5000 pre/power combo. "
