

The way in which we listen to the things we love has come a very long way but Micromega are about to take it even further with the amazing AirStream...

Micromega AirStream WM-10
NEW and available now from Oxford Audio

With **AirStream** from **Micromega**, audiophiles can finally stream music files from their computer to their Hi-Fi System and enjoy incredible sound quality. **WHiFI®** uses **Wi-Fi 802.11n technology**, which is dedicated to musical reproduction. This is the most advanced **wireless technology** available, allowing extremely fast data transfer rates to ensure faithful reproduction of the entire musical message.

Simply connect the **WM-10** to your existing Hi-Fi Amplifier via RCA. Next connect the **WM-10** to your Home Network or PC/Mac Computer via **Wi-Fi** using the AirPort Software utility and away you go. Best of all you can add more than one **WM-10** for music in more than one room. For further details and to discuss how **AirStream** can work for you, call **Oxford Audio** on **01865 790 879**.

Micromega Range on demonstration.

VERDICT ●●●●●

"One of the few affordable players I've come across that has the ability to present most musical genres in an entertaining and enjoyable manner..."

Tony Bolton, Micromega CD-10 Review
 Hi-Fi World February 10 Issue, Awarded 5 Globes

Offer
